

***CONSTRUCTION* ALERT**

June 21, 2005

The California Department of Transportation (Caltrans) in Orange County is scheduling weekend bridge-deck repair work on the northbound lanes of Interstate 605 (I-605) freeway just beyond the Katella Avenue exit in the City of Los Alamitos. The vintage bridge, originally built in 1964 will be replaced with a new and improved bridge deck. Full freeway closures and lane restrictions will be in effect.

Despite the contractors best efforts, some construction activity will cause intermittent noise.

During this time period, the northbound I-605 will be reduced to two lanes during the daytime. At night, the northbound freeway will be closed as follows:

- ❖ **Friday, June 24th midnight to Saturday, June 25th 6:00 a.m.**
- ❖ **Saturday, June 25th midnight to Sunday, June 26th 7:00 a.m.**
- ❖ **Sunday, June 26th midnight to Monday, June 27th 5:00 a.m.**

The Katella Avenue onramp to northbound I-605 will also close from 10:00 p.m. Friday, June 24 to 5:00 a.m. Monday, June 27.

Portions of the existing bridge will be replaced with a new and improved bridge deck. Motorists are advised that the restricted lanes can cause travel delays and that they should use alternate routes to reach their destination.

This is the final phase of an ongoing freeway improvement project to connect an High Occupancy Vehicle (HOV or carpool) lane to the existing north and southbound I-605 HOV lanes. The work will provide a smoother roadway that will complete or enhance the new HOV segment.

Detours will be posted to alert motorists and every effort will be made to minimize the impacts of construction to residents and businesses. In a construction zone, motorists are reminded to “***slow for the cone zone***”, be alert and proceed with caution.

For information about this project or any other highway project in Orange County, contact the Transportation Helpline at (800) 724-0353, Monday through Friday, 8 a.m. to 5 p.m.
